Dear Nirmita,

Writing to express gratitude on behalf of Pani Haq Samiti Saathis to the SCM team for their commitment to create the campaign.

We felt the students went beyond to engage themselves with the subject and did a fair amount of research. Their openness to perceive the complex hierarchy that regulates access and distribution of water in the city and also their ability to reason with it was realized through the content.

Will await the transfer of all the materials and let me know if anything is required from our end. Will this be done via google drive?

Look forward.

Regards,
 Suraj Katra.
