The Management never compromises on us procuring any and every ingredient as per the menu requirement ....Indian as well as International.

Very proactive and supportive management led by a dynamic and forward thinking principal. I have access to the the latest audio video teaching aids required for my subject to have the desired impact on the students. My 29 year tenure is mainly due to the fact that the management has always been there for me through thick and thin and at all times.

I am very happy working with this college. We have a very proactive and supportive management.

The infrastructure and equipments match the curriculum and beyond. The Rational oven (4) , cellfrost refrigerators, dough mixers, pulverize rs , tilting pan, Chinese wok , biriyani stove , wide variety of cutlery crockery and glassware, well equippedlibrary..... the list is endless.... too good ! Most colleges don't have even basic. We have it all at our disposal.

Please increase promotion of the excellent programs of the institute

I did the same diploma course in 1976-77. After a long career as a working journalist, I returned to SCM as faculty. I find that at SCM, each one of us, faculty members, push not just ourselves but even students to help them realize their latent potential. SCM remains deeply invested in shaping young minds to meet contemporary media challenges.
